LESSON PLANS FOR ADULT EDUCATORS/TEACHERS/TRAINERS

Module Name: Safety
Topic 1 Title: Basic Internet Concepts/ Terms
Lesson Plan 2 – What an Antivirus Software is
Duration: 60 minutes

Aim	This lesson plan aims to clarify the concept of "antivirus" and show its importance to keep equipment safe.
Target Group	Adults (seniors)
Facility/ Equipment	- Classroom - Internet access - Projector - Whiteboard
Tools/ Materials	- Sticky notes - Handout 1 1 Cardboard/ Paper A3 - Board Markers *Bostik* glue pads or something to post on a wall or board in the classroom
Main Tasks	1. **Task 1: Show the video (1 min)** 1.1 Start this task with a video https://youtu.be/gq4ezk395r8 2. *Task 2: Introduction to the concept (9 mins)* 2.1 Present some definitions and explanation with PowerPoint (Teaching materials)

3. **Task 3: Brainstorm about antivirus (35 mins)**

3.1 Ask your students what they think when you say "antivirus". Tell them that in this exercise there are no right or wrong answers.

3.2 Jot down their answers on the whiteboard **(5 mins)**

3.3 Read out loudly all the answers, randomly, and discuss the results with the whole class. (*you can go further if you think so*) **(**30 mins**)**

1. Why have certain types of answers turned up?
2. Is there a similar connection between our physical health and antivirus?
3. What else can we do to protect ourselves?
4. Give some examples of antivirus software.

3.4 Find out a satisfactory definition in group (with a teacher's help to ensure that it is right).

4. **Task 4: Write a definition (10 mins)**

4.1 Ask a volunteer to write the group definition on the cardboard **_(see Handout 1)_** and fix it on a board or wall in your classroom, near the cardboard done in the previous exercise.

5. **Task 5: Wrap up (5 mins)**

HANDOUT 1: What is an Antivirus?

Definition: ANTIVIRUS IS…
